

CYBERCRIME [sajbr krájm] / počítačová trestná činnost/ kyberkriminalita
There are many kinds of crime. From smaller ones, such as shoplifting, illegal downloading, playing truant, speeding to arson, attacking someone, or even a murder.

CYBERCRIME is the latest (poslední)/ newest and perhaps most complicated problem in the cyber world. It is a crime that **uses a COMPUTER and computer network** as the object of the crime, it's crime on the Internet, for example **hacking, spamming, email bombing, cyberbullying** (=kyberšikana), **identity theft** [šeft] (krádež) **but also hate crimes, cyber war or pornography**.

Criminals who perform (=provozují)/**do these illegal activities/ commit a crime on the Internet** (=spáchat zločin) are known as **HACKERS**.

BULLYING is when **someone is rude** (sprostý/hrubý/ neslušný) or **mean** (zlý)/**nasty to someone**. It is teasing (dobírání si

někoho), insults (urážky), gossiping (šíření klepů o někom), threats [šrets](výhrůžky), harassment (obtěžování), mean words (škaréde řeči), name-calling (přezdívky) or cyberbullying (kyberšikana). The people who bully someone are called **BULLIES** (šikanista). **Bullying also includes when someone can see what happens and don't do anything about it!!** The person that is bullied often feels angry, depressed, ill or isolated.

CYBERBULLYING is a crime that **uses spreading** (šíření) **lies, sending unpleasant** (nepříjemné)/ **hate messages via instant messaging**, it is the **misuse** (zneužití) of **electronic information**
