

IANN DIOR Let me

Refrain: This time I know, I know, I know
There's no looking back, it's all in the past
I let you ____ (go), you go, you go
The love that we had is making me sad, you keep ____ (say) You hate me
I let you ____ (go), you go, you go
The love that we had is making me sad, **so I let you**

I let you ____ (do) what you want and now you airing me out
They say girl is a gun but don't tempt me
'Cause I'm taking a chance, put the gun in my hands
Saying Russian roulette 'til she's empty

No, no, I don't want ____ (die) young
Don't want ____ (die) young and hopeless
So, so, if I'm going ____ (die) young
Just in case I die young, I wrote this

All these, changes, fu*k it, don't make me ____ (play)
this Break up, make out, and we do it again

Refrain: This time I know, I know, I know
There's no**so I let you**

She's the poster that I'm hanging in my mind right
She's so sweet but she caught me on my blind side
You know it's true, I'm fuc*ed up too
But you know I'm always coming back for you

'Cause every time I see you, make me want ____ (rewind)
Love went south so I'm throwing up a peace sign
You know it's true, I'm bad for you
That's just some sh*t that I've been going through

All these, changes, fu*k it, don't make me ____ (play)
this Break up, make out, and we do it again <3 Ali
