

# We're Good

Dua Lipa

I'm on an island  
Even when you're close  
Can't \_\_\_\_\_(take) the silence  
I'd rather \_\_\_\_\_(be) alone  
I think it's pretty plain and simple  
We gave it all we could  
It's time I wave goodbye from the window  
Let's \_\_\_\_\_(end) this like we should and say we're good

We're not meant \_\_\_\_\_(be) like sleeping and cocaine  
So let's at least \_\_\_\_\_(agree) \_\_\_\_\_(go) our separate ways  
Not gonna judge you when you're with somebody else  
As long as you swear you won't \_\_\_\_\_(be) pissed when I do it myself  
Let's \_\_\_\_\_(end) it like we should and say we're good

No need \_\_\_\_\_(hide) it  
Go get what you want  
This won't \_\_\_\_\_(be) a burden if we both don't hold a grudge  
I think it's pretty plain and simple  
We gave it all we could  
It's time I wave goodbye from the window  
Let's \_\_\_\_\_(end) this like we should and say we're good

We're not meant \_\_\_\_\_(be) like sleeping and cocaine  
So let's at least \_\_\_\_\_(agree) to go our separate ways  
Not gonna judge you when you're with somebody else  
As long as you swear you won't \_\_\_\_\_(be) pissed when I do it myself  
Let's \_\_\_\_\_(end) it like we should and say we're good

Now you're holding this against me  
Like I knew you would  
I'm trying my best \_\_\_\_\_(make) this easy  
So don't give me that look, just say we're good

We're not meant \_\_\_\_\_(be) like sleeping and cocaine  
So let's at least \_\_\_\_\_(agree) \_\_\_\_\_(go) our separate ways  
Not gonna judge you when you're with somebody else  
As long as you swear you won't \_\_\_\_\_(be) pissed when I do it myself  
Let's \_\_\_\_\_(end) it like we should and say we're goo
