

Footprints [Tom Gregory](#)

Can't seem to let go of all that's behind me
You're like an old ghost that just won't let go of me
You're in my _____ in my _____ you stay

Sometimes I forget what you did to me
How can someone be my _____ and my _____?
You're in my _____, in my _____ you stay

Refrain: I know I'll never find a way
No, no matter what I say
No matter what I do
It's only you I can't escape
now

You got your footprints on me
From my _____ to my _____

All your marks on my _____
Leave a glimmer of hope
No, I don't know, yeah
I _____ it in my _____ and my _____

Footprints on me
From my _____ to my _____
All your marks on my _____
Leave a glimmer of hope
No, I
You leave your footprints on me
Until my _____ runs cold

Can't seem to let go of everything you do to me
Even though it _____, it still _____ so new to me
In my _____, in my _____ you stay

Refrain: I know I'll never find a way
No, no matter what I say.....
No, I
You leave your footprints on me
Until my _____ runs cold

You know I'll never find a way
Oh, no matter what I say now
No matter what I do
It's only you I can't escape now
